MISSION STATEMENT

The Randolph Department of Community Programs aims to enrich the lives of Randolph Residents through our programs, events and services.

Our mission is to provide quality and enriching fitness, sports, educational, cultural and intergenerational experiences. Our programs and services are designed with a focus on the diverse physical, social, and emotional needs of the residents of Randolph.

LETTER FROM THE DIRECTOR OF COMMUNITY PROGRAMMING

Friends,

I want to take an opportunity to explain some of the changes that are happening in our department and specifically at the RICC. The Randolph Department of Community Programs is responsible for many of the programs and large Town-wide special events that you have enjoyed in Town. Staples of the department have included our Summer Programs, Vacation Camps, Rec Basketball Leagues, Pool Programs, Country Fair (Carnival), Harvest Hoopla, Winterfest and the Night Before the 4th Parade, among others. The Department is also responsible for all Elder Affairs matters including Senior Citizen specific programs and services such as Outreach and Medical/Around the Town Van Transportation.

In November 2017, the Randolph Intergenerational Community Center was introduced to our Town. The goal was to give the Town a new gathering place with year-round programs that met the recreational, educational, cultural and intergenerational needs of the Town. After just 1 year, the RICC had a total of over 8,400 members, an average of 232 daily member scan-ins, was offering 63 unique monthly programs, with 35 of them being free to members and had a total of just over 11,500 program registrations. The goal was to engage as many residents as possible and one of the strategies in doing so was to keep membership rates as low as possible in the first two years of operation. However, despite the success in resident engagement, a \$7.00 Annual Membership Rate will not allow us to operate a sustainable operation.

When we surveyed our full departmental operation, what we found was that as a department, when you include the Randolph Community Pool, Zapustas Ice Arena and other programs not local to the RICC, we offered in programming and facilities what other nearby comparable organizations offered, but at a fraction of the cost. Furthermore, many of the individual programs that we offer were less expensive than other comparable programs from a variety of different organizations. With this understanding and within the framework of the fiscal challenges facing the Town, we are introducing a new Randolph Community Programs Membership Program that includes not just the RICC, but the Pool, Rink and other off-site programs such as our summer programs.

We aimed to set membership rates that were comparable to market standard, yet didn't create a barrier for people who desire access. In fact, the cost for the new membership going into effect August 5, 2019 is still on average 3x less expensive than that of the closest nearby organization that has similar offerings. (Compare to the YMCA in Stoughton for example)

We understand that these rates could still present a barrier of access for some, so we are doing two things: 1. Many residents don't know that many Health Insurance providers offer a Fitness Reimbursement with an average of \$200 per family, so we are getting the word out and will be glad to provide any form of verification needed by your health insurance provider. 2. We are developing through a variety of means, a scholarship fund for residents who desire access that simply cannot afford it. Our outreach team will help those individuals through the scholarship process. We're confident that with these two strategies, membership can be attainable for all.

I believe that we are as close as we've ever been to meeting our mission of improving the quality of life for Randolph residents through our programs, events and services. If you've joined in on any of our department offerings in the past, we're so glad to have served you and look forward to you joining us in this next chapter. If you have yet to join in on the fun, we can't wait to meet you!

Sincerely,

Jovan Zuniga: Director, Department of Community Programs

RANDOLPH COMMUNITY PROGRAMS

MEMBERSHIP

QUICK REFERENCE FACT SHEET

Is this the same membership as my old membership?

No. The Randolph Community Programs Membership expands on the RICC Membership of old by adding other department facilities and programs such as the Community Pool and the Ice Arena.

Why has the pricing gone up?

Please refer to the attached letter from the Director of Community Programs for an explanation on the development of this new membership.

Does my membership also include the RICC fitness center?

Access to the RICC fitness center will be an optional \$5 add-on per individual to any membership purchase.

How many people can I add to my Family Membership?

You can have up to 6 family members (including you) on your Family Membership as long as everyone lives in the same household. Please be prepared to show proof of residency at membership purchase.

Is the day pass still effective and is it the same price?

Yes, the day pass will still be effective and will cost \$7 per visit.

Do I have to become a member to access programs?

No, members will get discounted rates and other benefits on programs, but you will not be required to have a membership to register for programs offered by the Department of Community Programs.

How would I be able to sign up for programs at the pool?

Basic registration for swim lessons can take place at the RICC front desk, however for a swim evaluation and other information for the pool, please contact the Aquatics Director, Terri Phinney.

When will early registration for programs be? Is there a set time or date?

Early registration for programs will vary depending on the type of program. However, resident members will always have at least a week prior to register for programs than the general public.

What is the special pricing on programs?

All programs will be available to the public at a standard rate. Members will have a discounted rate on programs. For a complete, up to date program listing of programs with registration costs, please visit www.randolphicc.com or pick up our monthly program guide the “Sunnyside” at various locations around Town.

Why are we opening up the membership to Non-Randolph residents?

The RICC Membership has always been available to non-residents. Nevertheless, **95%** of current members are Randolph Residents. Opening Membership to Non-Residents is a show of good faith to our surrounding communities and helps support the growth and sustainability of our programs, events and services.

When will my old membership expire and when will the new membership activate?

Your RICC membership will remain active until the expiration date detailed when purchased. This membership does not entitle you to the benefits of the new membership, though. You can upgrade your membership at any time while your RICC membership is still active. The joining fee of \$5 will be waived. Come August 5th, 2019, the introductory RICC membership will no longer be available as a purchase option.
